DETAILED ACTION

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows: **Cancel Claims 1-4.**

This application is in condition for allowance except for the presence of claims 1-4 to Group I, non-elected without traverse. Accordingly, claims 1-4 have been cancelled.

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance: The closest art known to the Examiner is listed in the previous Office action. As stated in the previous Office action the cited prior art does not suggest a method as claimed comprising among other limitations, expansion of the fluid, the use of wafers of a second size larger than the first size, or the depth of the recessed portion as recited in the present Claims. Therefore Claims 6-11 and 13-23 are allowable over the cited prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

Art Unit: 2812

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
